Hello Plant Savers!

We want to share some info about the next International Herbal Symposium with our business members and invite you to participate in this dynamic event that has been bringing together plant lovers and herbalists from around the world since 1991.

17th International Herb Symposium

Date: September 12-15, 2025

This year's conference will be taking place in person at Memorial Hall (capacity 600) in downtown Cincinnati. Attendees will also benefit from 18 months of access to the IHS Virtual Learning Center, featuring over 50 new classes and recordings of featured classes from past years!

Sponsorship Opportunities Are Now Available

Reach over 50,000 people in the United States with event exposure through
SOCIAL MEDIA inclusion – LOGO placements – WEBSITE links
CLASS sponsorships – eNEWS features

Your sponsorship helps us keep costs low for event attendees while supporting the important work of United Plant Savers. In 2025, we have ambitious goals, including attending the IUCN Conservation Congress to advocate for medicinal plant conservation, working to get at-risk plants listed on the IUCN Red List, and participating in the CITES conference (Convention on International Trade in Endangered Species). Being present at these critical international conferences allows us to represent plants that are often underrepresented in the conservation community. Thank you for your support and sponsorship.

In the words of Jim Duke, "*The herbal village isn't so much a place or state of mind. It is, in fact, a link connecting everyone around the world who believes the secrets to good health and a good life can be found in herbs, roots, and other 'green' sources. We all live in a single herbal Village.*"

In becoming a sponsor of the International Herb Symposium, you will not only contribute to the expansion of this global community but will benefit from many other opportunities we have outlined for our event sponsors.
